Legal Assistance (TAX)

Community partners work with our tax program to ensure taxpayers who have a dispute with the IRS receive the assistance they need. Taxpayer clinics provide legal representation on behalf of individuals in tax disputes with the IRS, including audits, appeals, collection matters, and federal tax litigation. They can also help taxpayers respond to IRS notices and correct account problems. If you owe a balance that you cannot pay, received a letter from the IRS, or have any other issues regarding your tax obligations, you should connect with a Legal Partner for more information.
